

4. With regards to the LRIT, IMSO, acting as the LRIT Coordinator on behalf of all SOLAS (International Convention for the Safety of Life at Sea, 1974, as amended) Contracting Governments, conducts annual audits to review the performance of these LRIT Data Centres and reports its findings to the relevant IMO subsidiary body for appropriate action. The LRIT system has reached a maturity after 7 years of implementation. The system is being utilized by 107 Governments, 10 Non-metropolitan Territories and two Special Administrative Regions acting through 56 LRIT Data Centres.
