

Regional workshop on the Production of Population Estimates
and Demographic Indicators
Addis Ababa, 5-9 October

Overview of the work of the United Nations Population Division

François Pelletier

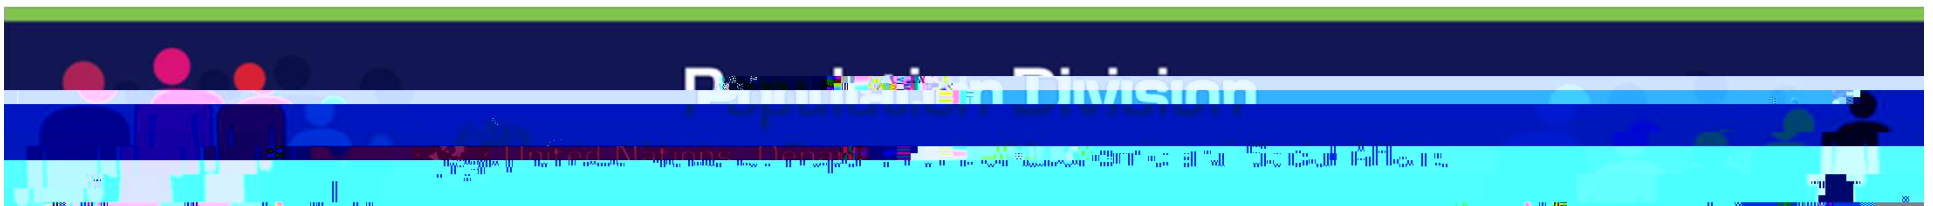

Population Estimates and Projections Section

www.unpopulation.org

Work of the Population Division

- (a) Providing substantive support to United Nations, especially to the Commission on Population and Development, and assessing progress made in the implementation of the Programme of Action of the International Conference on Population and Development"
- (b) Facilitating the discussion of key emerging issues by experts or government representatives"
- (c) Preparing comprehensive and disaggregated data on population issues and population trends relating to fertility, international migration, urbanization, population ageing, population prospects, population policy and population relation to development"
- (d) Disseminating population information and policy findings in the area of population"
- (e) Supporting capacity development to address population issues through workshops or the dissemination of technical material
