Assessing Readiness for Remote Evaluation for PBF <u>First Principle: Do no harm/Safety first</u> (pertains to international and national evaluators and stakeholders)

N /

The following is a list of questions to consider when determining whether the proposed evaluation exercise can take place in the current context of COVID-19.

Evaluability Assessments

Purpose:

Assessing the internal logic and cohesion of a project oryEvalthating the theory of the

Is outcome level end line data available?
Ideally, is there an updated conflict analysis?
